The incumbent may also maintain computerized fuel management software and electronic tank gauging systems and/or perform office or other duties relative to a department or division. This position differs from that of a Stock Room Clerk by virtue of the fact that a Stock Room Manager has responsibility for overseeing the operation of a stock room. The incumbent may oversee the work of a Stock Room Clerk. Does related work as required.

- (b) Graduation from high school or possession of a high school equivalency diploma and four (4) years of full-time paid stock room or inventory experience or its part-time equivalent; or
- (c) An equivalent combination of training and experience as defined by the limits of (a) and (b).

- B. Candidates must become certified by the New York State Department of Environmental Conservation as a Class A/B Fuel Site Operator for Underground Storage Tank (UST) Systems within one (1) year of appointment and must maintain said certification for the duration of employment.

If you expect to complete the educational requirement within six (6) months of the date of examination, you can be admitted to this examination. If successful on the examination, you will not be certified for appointment until you have submitted proof of completion of the requirements to the Civil Service Commission. Proof must be submitted within eight months of the date of examination. Failure to do so will result in removal of your name from the eligible list.

BACKGROUND INVESTIGATION: Applicants may be required to undergo a State and national criminal history background investigation, which will include a fingerprint check, to determine suitability for appointment. Failure to meet the standards for the background investigation may result in disqualification.

SCOPE OF THE EXAMINATION:

The written examination will cover knowledges, skills and/or abilities in such areas as:

1. Name and number checking

These questions test for the ability to distinguish between sets of words, letters, and/or numbers that are almost exactly alike. Material is usually presented in two or three columns, and you will have to determine how the entry in the first column compares with the entry in the second column and possibly the third. You will be instructed to mark your answers according to a designated code provided in the directions.

2. Arithmetic computation with calculator

These questions test for the ability to use a calculator to do basic computations. Questions will involve addition, subtraction, multiplication and division. You may also be asked to calculate averages, to use percents, and to round an answer to the nearest whole number. **You should bring with you a hand-held battery- or solar-powered calculator for use on this test.** You will not be permitted to use the calculator function of your cell phone.

3. Keeping simple inventory records

These questions test for the ability to follow instructions in keeping simple inventory records of different materials received and distributed from a central location. The ability to add, subtract, multiply, and divide will be required. You may have to compute total costs from quantities (number of units) and cost or price per unit. Knowledge of specific record keeping systems and techniques will not be needed.

4. Principles and practices of storeskeeping and inventory control

These questions will test for candidates' knowledge of the principles guiding large scale storeskeeping operations and their ability to put them into practice. Some of the areas covered may include analysis of rates of use, the determination of reorder points, choosing locations for the storage of goods, and determining how to handle stock to maximize the efficiency of the operation. Some arithmetic computation may be necessary.

All examinations for positions in State government will be held at a State examination center.

VETERANS CREDIT: Veterans or disabled veterans who are eligible for additional credit must submit an application for veterans credit with their application for examination or at any time between the dates of their application for examination and the date of the establishment of the resulting eligible list. Applications for veterans credit are available from this office. Veterans credits can only be added to a passing score on the examination.

ADDITIONAL CREDIT FOR CHILDREN OF FIREFIGHTERS AND POLICE OFFICERS KILLED IN THE LINE OF DUTY: In conformance with section 85-a of the Civil Service Law, children of firefighters and police officers killed in the line of duty shall be entitled to receive an additional ten points in a competitive examination for original appointment in the same municipality in which his or her parent has served. If you are qualified to participate in this examination and are a child of a firefighter or police officer killed in the line of duty in this municipality, please inform this office of this matter when you submit your application for examination.
